

Why train with Inspire for your CPD courses?

At Inspire we believe we give you compelling reasons to choose to learn with us. We recognise it can be a big decision and we want you to understand why we're different...

- The directors have between them 37 years experience as practitioners and have spent most of that time teaching. All of our tutors are regular practitioners.
- The majority of our courses are externally accredited and have been researched and developed over time. We constantly travel around the UK and overseas to work with the best tutors to update our own skills. For us, the learning never stops.
- We are committed to offering you the best quality teaching you can get and it may be years before we offer a course until we can be sure we have the right person to teach it. We only use experts to teach the specialist courses.
- We have rigorous training for our tutors and regular reviews based on your feedback to make improvements wherever we can.
- We believe in the benefits for you of learning in small groups and so that's how we teach you, changing our teaching methods to meet the needs of individuals within that group.
- Within the course structure, we provide manuals with photographs and all the information you need as well as guidance towards further resources. There are useful reminders of how to stay safe and within the law.
- We provide marketing ideas within the manual and ongoing support and advice afterwards, throughout your whole career.
- We make no apology for being tough with our assessment standards, as we would all want therapists to be the very best we can be.
- We pride ourselves in keeping in touch with all our students and charting their progress. Some travel overseas to work and some stay closer to home and continue to train with us.

We are so confident with the way we provide your learning that we don't need to knock other providers, but we want you to choose the best for yourself, so when you are comparing Inspire with other colleges...ask them:

- How many people will be in your teaching group?
- How many years clinical and teaching experience will the tutor have?
- What support will there be following the course day(s)?

We take your career choices very seriously and would love to support you through your learning. It gives us great pleasure to see many of our students flourish and continue to develop themselves into skilled, confident and happy therapists.

Inspire was set up with the primary aim of raising standards in massage education throughout the UK. We provide an innovative, fresh approach to massage therapist training. We want you to love what you do and far beyond being taught the skills you need, we want you to be confident and skilled therapists, because you and the people you treat matter to us.

We wish you the best of luck in your search for your course and look forward to welcoming you if you choose Inspire.

Here's what some of our students thought:

"it was worth every penny!" – Zuzana, London

"Very impressed with the training and thinking of booking another course" – Sharon, London

"I've been on many workshops, this is the first with Inspire. Excellent, very professional. Tutor made us feel at ease" – J. Murray, Edinburgh

"Mary is a fantastic teacher, another thoroughly enjoyable day!" – Deri, Kent

"Wonderful pace, catering well for all abilities, thank you" – Yvette, London

"Very relaxed, learnt a lot, well worth doing another course" – Jill, Essex

"Thoroughly enjoyed the day. Feel as if I've acquired a new skill, yet at the same time consolidated old ones. Was made to feel at ease throughout the session and all questions were answered and resolved. Thank you" – Charlotte, Manchester

"Declan obviously has great in-depth knowledge which was conveyed in a friendly and usable manner. Really enjoyed it, learnt a lot!" – Jacqui, Birmingham
